

# Free Online Courses - EAL

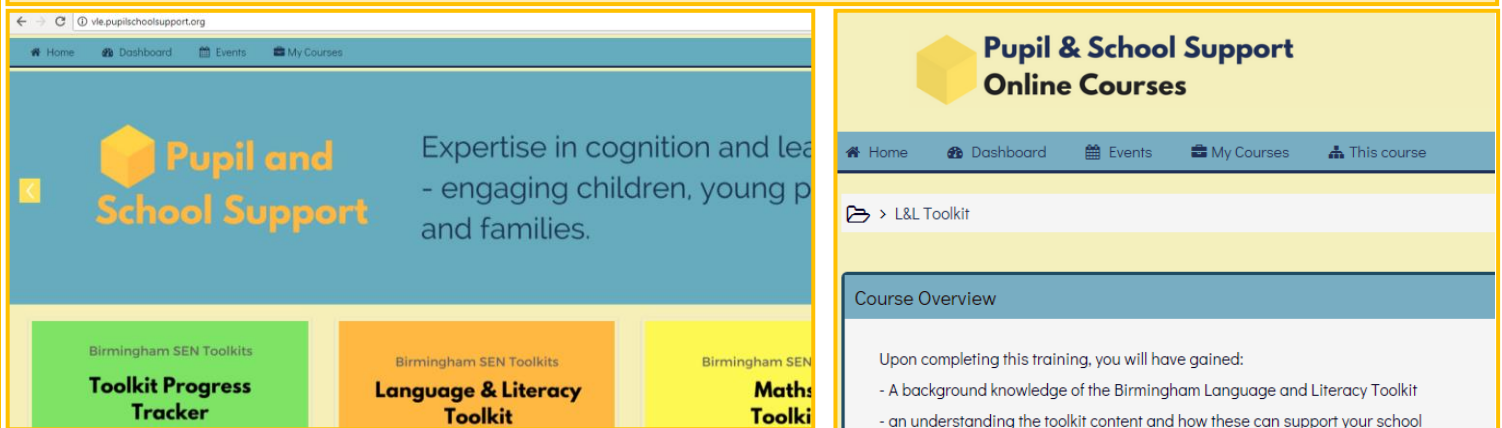

PSS Online Training Courses aim to provide:

- **Online training** for SENCOs, EAL Coordinators and schools staff
- **Support for coordinators** in their own delivery of EAL training
- Training that is free, **flexible, effective and easy to use**

To access the website, please visit

**[vle.pupilschoolsupport.org](http://vle.pupilschoolsupport.org)**

From there you will be able to self-register, view the available courses and contact us to enquire about gaining access to the training on the website.

## What schools have told us about online training...

“This would help with costs as getting cover to go out on courses creates an additional cost.”

“This would fit into my programme of TA CPD as we have one hour every half-term but unfortunately we can't always do it at the times needed. This is an excellent idea.”
