

Top tips for communicating change  
and getting all staff, including SLT on  
board: who needs to be consulted,  
when and how?

Ali Ayres

# Aims

- To examine obstacles to implementing change.
- To explore how to make a case for change.

# Change Management

There is absolutely no shame in stealing someone else's good idea if it is of benefit to the school and its pupils.

# Change Management

# Energy formula for change!

$$C = (a \times b \times d) > x,$$

# Responses to Change

No time!

Why do we  
need to  
change?

We've  
tried that  
before!

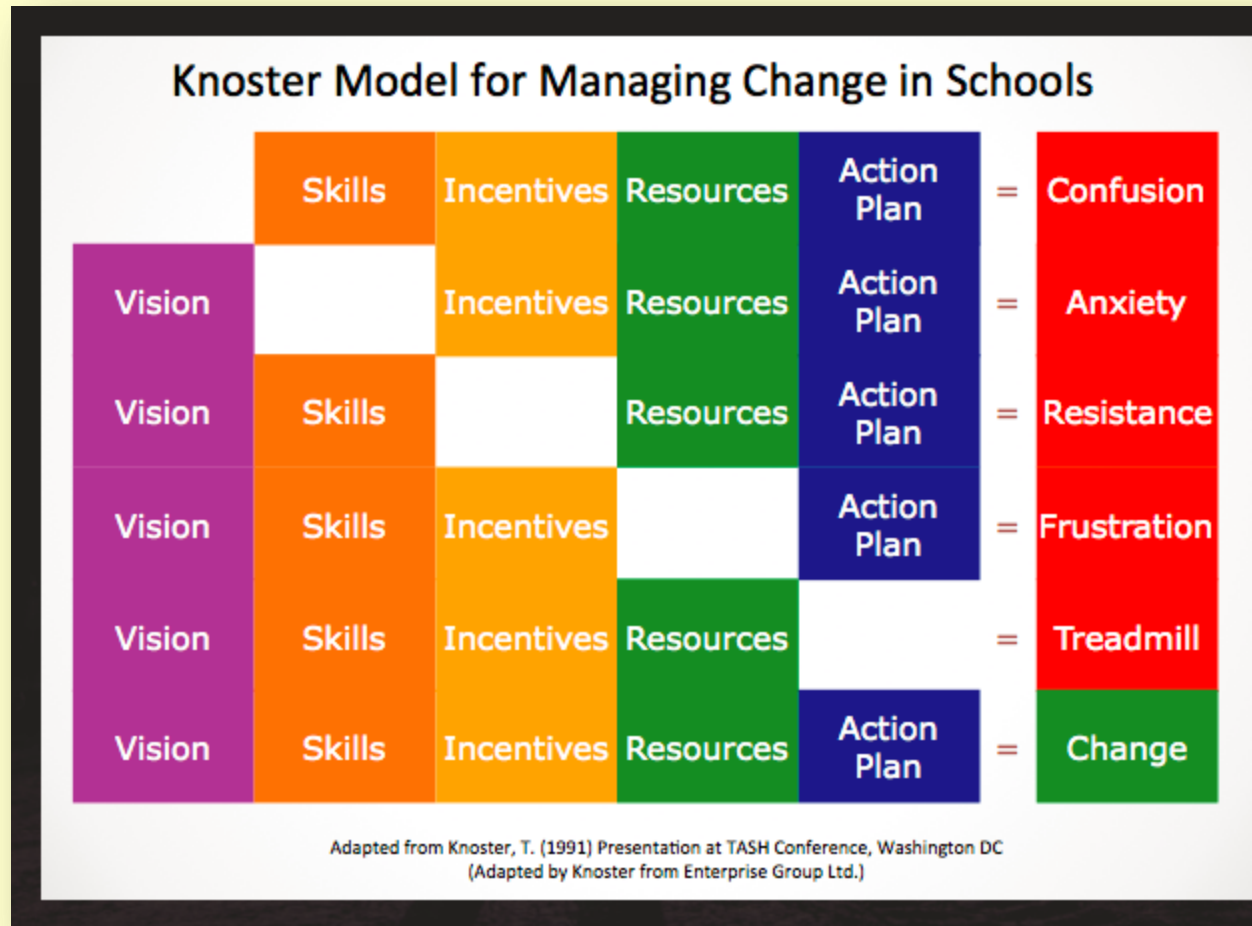

We don't  
need that  
approach  
here..

# A model for change.

- Think of a time when you were involved in implementing change?
- When have you seen all conditions line up?

# Vision Setting

- To examine ideas one by one and either expand, combine or eliminate some
- To cluster ideas if colleagues say the same thing
- If the ideas need prioritising, invite the participants to vote
